The workshop In Kelly's own words:

"Quilting Vintage on a Domestic Machine" workshop by Kelly Cline This is a class for collage with vintage linens, hankies, and embroideries, all sewn and finished on your domestic machine. We will begin with construction of a small collage and then move toward quilting this piece on your sit down sewing machine. Students should bring:

- ❑ Variety of linens, embroideries, handwork, 10" or less in size (dresser scarves, hankies, doilies); coordinating fabrics, new or old, backing fabric. Scrap of batting, maybe ½ yard.
- ❑ Sewing machine in good working order. For free motion quilting work, it will be necessary for the feed dogs to drop. Either a darning or quilting foot is also needed.
- ❑ Cutting mat and rotary cutter.
- ❑ Coordinating thread, for quilting a cream color of your thread preference. Pins, needles for machine quilting (ballpoint preferred for quilting). General sewing supplies.
- ❑ Spray baste or scraps of fusible interfacing, your preference.
- ❑ Sketchbook/notepad and pen/pencil
- ❑ Scissors
- ❑ Fabric marking pens/white chalk pencil/blue water soluble pen

*When choosing vintage pieces, be aware of musty/mildew smells. Some people can be very sensitive to mold and mildew. *Vintage pieces do NOT need to be pristine, they are only workshop type work and I never want students to feel like they could ruin a lovely piece of handwork. I generally spend \$1-\$2US on small linens. Search them out at garage sales, thrift stores and antique shops. *These will be small, finished pieces. Generally, nothing larger than 20" square. *Half day workshops generally will finish the collage part of this project and may not begin quilting.
